Mark Udager is a vice president of **API CONSTRUCTION CO.** He assumed the role in 1989.

In 1985, Udager was the construction manager of APi Construction. He was responsible for estimation, proposal preparation and contract administration on a direct basis with the customer, before he was promoted to vice president in 1989.

Udager is instrumental in developing new and creative methods to enhance production and the profitability of the company. His career highlight came from when he successfully ideated and implemented a dual key leader model.

Udager earned a Bachelor of Science degree from the University of Minnesota. He was the president of Brooklyn Park Youth Hockey Association and president of the Park Center High School Hockey Booster Club.

He and his wife, Anita, have two children and one grandchild. His interests include hunting, fishing, sports, classic boats and Lionel® model trains.
