Floyd Cochran is the vice president of operations at **API ELECTRIC CO.**, an electrical contractor that specializes in industrial, commercial, low voltage and residential work.

Cochran joined APi Electric as a project manager in 2001 when his prior employer, Thompson Electric, was purchased by APi Group Inc. His expertise and construction experience is an excellent advantage for his focus on project management, estimating and overall operations.

Cochran began his career as an electrician in the United States Navy in 1983. In 1989 he worked for an electrical contractor in Grand Rapids, Mich.

He began as an apprentice and worked his way to become a journeyman electrician, master electrician, project manager/estimator and was an electrical foreman on many large commercial jobs.

He joined Thompson Electric in 2001 and worked as a project manager for a short period of time before Thompson Electric and Lakehead Electric merged to become APi Electric.

He is a licensed Master Electrician in Minnesota and Michigan. Cochran and his wife, Kristin, have one daughter. They are active in church and musical organizations. ⚙️
