As vice president of industrial at **API ELECTRIC CO.**, Todd Lyden spent most of his career in industrial and electrical related positions.

APi Electric is a subsidiary of API Group, specializing in electrical construction and serving the state of Minnesota and the Upper Midwest.

Lyden holds a BSEE degree from the University of Minnesota. He has worked in design, estimation, project management, sales and marketing for several companies prior to joining APi Electric in 2000.

With his focus on the industrial market since 1990, Lyden has worked with key customers in mining, petrochemical, pulp and paper, and power generation to achieve common goals. He oversees numerous alternative energy projects and initiatives.

Lyden's more than 20 years of experience in the industry has let him expand his passion onto a multitude of committees and organizations. He has served on the Board of Directors for the National Electrical Contractors Association (NECA) and is a past or present member of the following organizations:

- Instrument Society of America (ISA)
- Society for Mining, Metallurgy and Exploration, Inc. (SME)
- Iron Mining Association (IMA)
- Duluth Engineers' Club (DEC); and
- Engineers' Club of Northern Minnesota (ECNM).

Lyden enjoys Northern Minnesota with his wife and son. He is an outdoor enthusiast who likes to golf, travel and build custom Jeeps for off-road use.
