

JULIUS CHEPEY

APi Group Inc. CIO

Julius Chepey is the chief information officer of APi Group Inc., a parent company to 37 independent fire protection, and industrial and specialty construction businesses located throughout North America and the United Kingdom. He is responsible for the strategic leadership and value generation of the Information Technology (IT) function at APi.

Chepey earned a Master of Business Administration from the Carlson School of Management at the University of Minnesota. He was the vice president of IT at J.D. Irving Limited in New Brunswick, Canada, and the CIO and vice president of IT at M.A. Mortenson in Minneapolis.

In 2006, Chepey was honored at the "InformationWeek 500" annual awards from InformationWeek magazine for the most innovative use of information technology to increase a company's profitability.

Due to his experience, affiliations and leadership, Chepey is considered an expert in computer science, software engineering and information systems. ☛
