David Dixon is president and chief executive officer of **SECURITY FIRE PROTECTION**.

Based in Memphis, Tenn., Security Fire provides a full range of fire protection and fire alarm services including consulting engineering, installation and service.

David's career with Security Fire has spanned four decades starting in 1978 as a design technician. David has held numerous critical positions while at Security Fire including design manager and executive vice president/sales and marketing prior to being appointed president and CEO in 2003.

David has served on numerous national committees including the National Fire Sprinkler Association Engineering & Standards Committee and the National Fire Protection Association Technical Committees on Automatic Fire Sprinklers; Foam and Foam-Water Systems; Fire Pumps; Inspection, Testing and Maintenance of Water-Based Extinguishing Systems; and Water Cooling Towers.

David and wife, Pam, are proud parents of two children, Tristan and Ashley.✦
