**M**ike Godara is the vice president of **VIPOND SYSTEMS GROUP** in Eastern Canada. Vipond Systems Group is a systems integrator of Low Voltage building systems, specializing in fire alarm, security and communication systems.

Godara began his career as an engineer consultant with Ralph M. Parsons Co. of Pasadena, California. He was responsible for the design of Fire Protection Systems for a pipeline project in Alaska. In 1976 he joined Integrated Protection Inc. as a project engineer. In 1982 he became the co-owner of the company and in 1988 he was promoted to the position of president and CEO.

Vipond Inc. acquired Integrated Protection in 1998; Godara was appointed vice president of the newly formed Systems Group division. Since then Vipond Systems Group has expanded its business throughout Canada and grown the business tenfold.

Godara is a member of Professional Engineers of Ontario and National Fire Protection Association (NFPA). He has served in code writing committees of Under Writer Laboratories of Canada (ULC) and is a past director of Canadian Fire Alarm Association.

Godara has Bachelor of Electrical Engineering degree from University of Jodhpur, India and a master's in electrical engineering from the University of Kansas. 🌐
